

We offer consulting services in generative AI, data analytics, Microsoft Fabric, Power BI, Business Intelligence, Cloud Transformation, Data Management, App Development, and Content Collaboration. As a Microsoft Fabric Featured Partner and 2021 Power BI Partner of the Year, we deliver innovative solutions for Global 2000 companies in the Technology, Retail, Finance, Oil & Energy, and Healthcare industries.

Our extensive portfolio of generative AI and data analytics services includes:

- Elevating customer experiences with Agentic AI solutions.
- Transitioning existing systems to the Microsoft Fabric ecosystem.
- Streamlining operations by unifying advanced data & analytics platforms.
- Empowering enterprises with AI-powered real-time intelligence (RTI). Respond proactively to changes and optimize business strategies instantly.
- Implementing enterprise-grade security, in alignment with Microsoft’s Secure Future Initiative (SFI), to protect data and applications.

Microsoft Fabric
Featured Partner

1,300+

Certified Microsoft Fabric Analytics engineers (DP-600 and DP-700)

200,000+

Reports migrated from Tableau, Qlik, BOBJ, MicroStrategy, to Power BI

50+

Microsoft Fabric projects

10+

Fabric SaaS accelerators

Our AI-Driven Accelerators and Services

Reduce your time-to-market with our ready-to-deploy solutions.

Designed for end-users

AI-DataLens

Unlock data-driven insights with AI-powered conversational analytics.

Smart support framework

Created an intelligent support system to efficiently route tickets.

Chatbots

Developed secure, enterprise-grade GPT models for extracting precise insights.

EmbedFAST

Embed Power BI reports into enterprise solutions without writing your own code.

AI-driven recommendations

Built AI recommendation systems to provide tailored suggestions based on user behavior.

Designed for developers

MigrateFAST

Simplify reporting platform migration with AI-powered tools for faster and easier transitions.

CertyFAST

Make Power BI reports reliable and adhere to quality standards.

LoadFAST

Optimize Power BI infrastructure capacity and report performance to reduce costs.

IngestFAST

Accelerate data integration to build seamless analytics platforms quickly and efficiently.

Agentic AI Solutions

- Integrated 5+ data sources from event operations, sessions, user profiles, and feedback into an Agentic AI Event Assistant, enabling precise and personalized responses in real time.
- Reduced content creation time by 30% using AI agents to analyze customer data and generate personalized marketing campaigns.
- Unified legal policy data, RFI documents, and immigration data with AI-powered solutions, saving 5+ hours per day for legal experts.
- Redefined IT service management with AI-driven self-service tools and automated workflows, decreasing average resolution time by 50%.

11 Microsoft Specializations

- AI and Machine Learning in Microsoft Azure
- Build and Modernize AI Apps with Microsoft Azure
- Analytics on Microsoft Azure
- Data Warehouse Migration to Microsoft Azure
- Migrate Enterprise Applications to Microsoft Azure
- Kubernetes on Microsoft Azure
- Accelerate Developer Productivity with Microsoft Azure
- Business Intelligence
- Microsoft Low Code Application Development
- Cloud Security
- Threat Protection

Microsoft Fabric
Featured Partner

Microsoft Power BI
Partner of the Year 2021

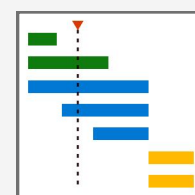

Deep Knowledge of Microsoft Fabric

- Used Fabric's Real-Time Intelligence to replace batch processing, reducing data latency by 90%.
- Implemented a real-time Track-and-Trace system, optimizing 18,000 delivery routes.
- Centralized data management for a client's 160+ customers, lowering their operational costs.
- Developed copilot frameworks for Microsoft Fabric to accelerate data ingestion.

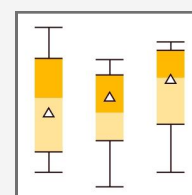

Migration, Reporting, and Visualizations

- Migrated 50,000+ reports to Power BI from Tableau, MicroStrategy, Cognos, BOBJ, etc.
- Migrated platforms from Snowflake & Teradata to Microsoft Fabric with minimal disruptions.
- Supported Fabric/Power BI migration planning with feasibility assessments to optimize budgets.
- Enabled data-driven decisions with 100K+ dashboards, 40+ AI visuals, and 3.5M+ downloads as the top Power BI visuals supplier.
